MOHAMED SAMIR

HDD Superintendent | Steering Engineer | Technical Office Specialist

Dammam, Saudi Arabia

+966 58 296 0355 | MohamedSamirAlRifai@gmail.com

Professional Profile

Civil Engineer with around seven years of Horizontal Directional Drilling (HDD) experience across site supervision, pilot-bore steering, surveying, and technical-office engineering. Experienced in Saudi Arabia on Saudi Aramco projects, with practical use of ParaTrack 2 (RivCross) and DigiTrack guidance systems. Strong in HDD planning, plan and profile preparation, method statements, pull-force calculations, costing, and client coordination.

Core Capabilities

STEERING AND GUIDANCE

ParaTrack 2 (RivCross Software) | DigiTrack Falcon F5+ | Pilot-bore steering | Soil and reamer planning

TECHNICAL OFFICE

AutoCAD | Civil 3D | Microsoft Office | Primavera | Plans, schedules, method statements, costing

SURVEYING

Total Station | Electronic Distance Measurement | Site coordinates and alignment control

ENGINEERING SUPPORT

Pull-force calculations | Stress and hydro-fracture analysis | Client documentation and permits

Saudi Aramco Approval

SAUDI ARAMCO

Approved HDD Supervisor
Approval documentation is available upon request.

Saudi Arabia Project Experience

LOCATION	YEAR	CROSSING / SCOPE	PIPE / LENGTH	RIG	CLIENT
Dammam - KM 10	2026	1 HDD crossing	24 in. steel pipe / 280 m	XCMG 360 ton	Aramco
Dammam - KM 10	2026	1 FOC crossing	FOC / 210 m	XCMG 360 ton	Aramco
Dammam - KM 4	2026	1 HDD crossing	12 in. pipe / 210 m	XCMG 90 ton	Aramco
Dammam - KM 14	2026	1 HDD crossing	24 in. pipe / 195 m	XCMG 90 ton	Aramco

Selected HDD Project Experience - Egypt

Project experience covering gas, electricity, rail-signaling, and pipeline crossings in Egypt.

YEAR	LOCATION	CROSSINGS	LENGTH	PIPE DIAMETER	RIG	CLIENT
2019	Sharqia	3	700 m	42 in.	400 ton	GASCO
2020	Damietta	6	300 m	18 in.	60 ton	Petrojet
2020	El Alamein	1	650 m	36 in.	200 ton	Petroleum Pipelines Co.
2021	Cairo	8	150, 180 m	18 in.	60 ton	Elsewedy / Electricity Co.
2021	Banha	8	265 m	18 in.	60 ton	Elsewedy
2022	Port Said	39	150 m	18-26 in.	37 ton	Orascom
2022	Port Said	1	355 m	26 in. / 8 pipelines	250 ton	Suez Canal Authority
2023	El Alamein	1	470 m	16 in. / 3 pipelines	250 ton	GASCO
2023	Ismailia	1	300 m	24 in. / 6 pipelines	60 ton	Suez Canal Authority
2024	Ismailia	1	1,200 m	16 in. / 3 pipelines	400 ton	Petroleum Pipelines Co.
2024	Cairo	2	350 m	16 in. / 3 pipelines	100 ton	GASCO
2024	Nag Hammadi	2	1,000 m	7 x 4 in., 10 x 5 in.	250 ton	Hyundai Rotem
2025	Ain Sokhna	3	900 m	36 in.	250 ton	GASCO

Education and Additional Skills

EDUCATION	Bachelor's Degree in Civil Engineering, Port Said University (2019) General Appreciation: Very Good
